

1 BSc Werktuigbouwkunde**2 BSc Maritieme Techniek****3 BSc Klinische Technologie****4 MSc Mechanical Engineering****A Transportation Engineering Track**

Specialisation Transport Engineering and Logistics
Specialisation Production Engineering and Logistics
Specialisation Mechanical Systems and Integration
Specialisation Diesel Engines

B Control Engineering Track**C Sustainable Processes & Energy Technologies Track**

Specialisation Energy Technology
Specialisation Engineering Thermodynamics
Specialisation Process Equipment & Separation Technology
Specialisation Fluid Dynamics

D Precision and Microsystems Engineering Track

Specialisation Engineering Mechanics
Specialisation Micro and Nano Engineering
Specialisation Automotive
Specialisation Mechatronic System Design

E Biomechanical Design Track

Specialisation Bio Robotics
Specialisation Bio Compatible Design
Specialisation Intelligent Mechanical Systems
Specialisation Automotive

F Solid & Fluid Mechanics Track

Specialisation Fluid Mechanics
Specialisation Engineering Dynamics
Specialisation Mechanics of Materials
Specialisation Structural Optimization & Computational Mechanics

G Materials Engineering & Applications (MEA)**5 MSc Marine Technology****A Science Track**

Specialisation Ship Hydromechanics
Specialisation Ship and Offshore Construction

B Design, Production and Operation Track

Specialisation Marine Engineering
Specialisation Ship Production
Specialisation Ship Design
Specialisation Shipping Management

6 MSc Systems and Control**7 MSc Biomedical Engineering**

Specialisation Medical Instruments and Medical Safety
Specialisation Biomechatronics
Specialisation Tissue Biomechanics and Implants
Specialisation Medical Imaging
Specialisation Medical Physics
Specialisation Biomedical Instrumentation
Specialisation Biomaterials

8 MSc Materials Science and Engineering

Specialisation Metals Science and Technology
Specialisation Advanced Functional Polymers
Specialisation Materials for Energy and Environmental Impact
Specialisation Advanced Construction Materials: Roads and Buildings

9 MSc Offshore & Dredging Engineering

Specialisation Bottom Founded Structures
Specialisation Dredging Engineering
Specialisation Floating Offshorestructures
