

## MT2434 Toets 2 Ethiek en Veiligheid tentamen

Kernwoorden: *Individuele opdracht met tijdsbeperking (2 dagen), plagiaatscan.*

### **Samenvatting**

Our proposal is that the exam is replaced by an individual student assignment; therefore, the course rules for assignments apply in this case. The nature of the proposed assignment (synthesis/reflection) requires good understanding of, and independent thinking on the course material. The time available between distribution and submission of the assignment will be no more than 2 days, so students will have little time to exchange material and edit it to conceal plagiarism. The rules for assignments imply that plagiarism is not allowed, and we will check the assignments for plagiarism. If the exam committee prefers, we can request an integrity statement to be submitted together with the assignment.
