

Summary

- **Main activity**

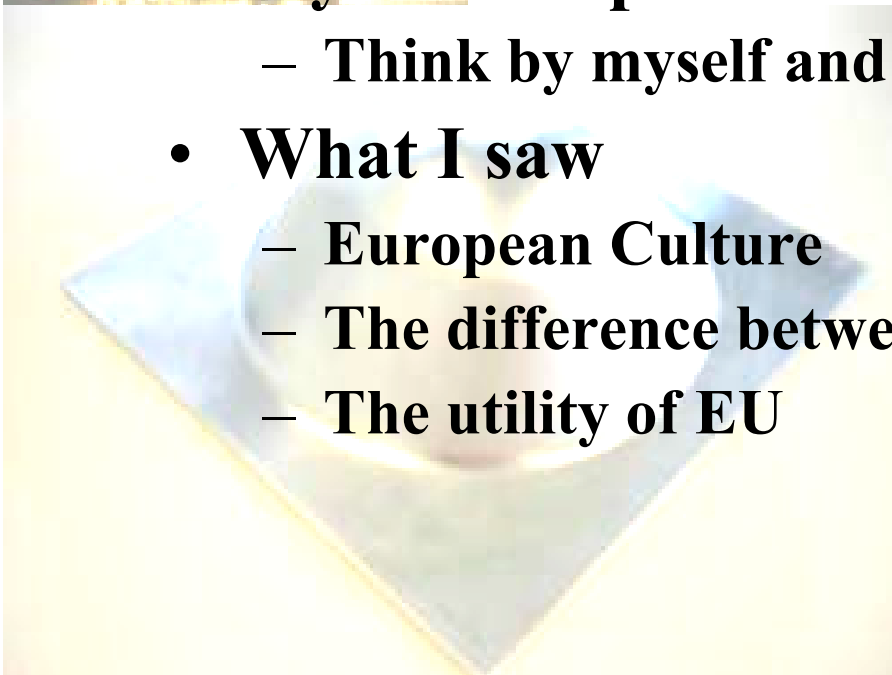

- Research, lecture
- Student life in Belgium and Denmark

- **My main topic**

- Think by myself and act by myself

- **What I saw**

- European Culture
- The difference between the European countries
- The utility of EU

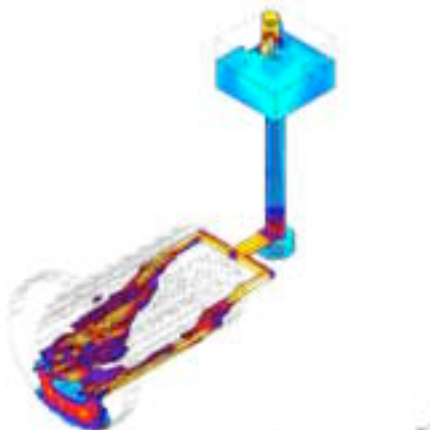

Research

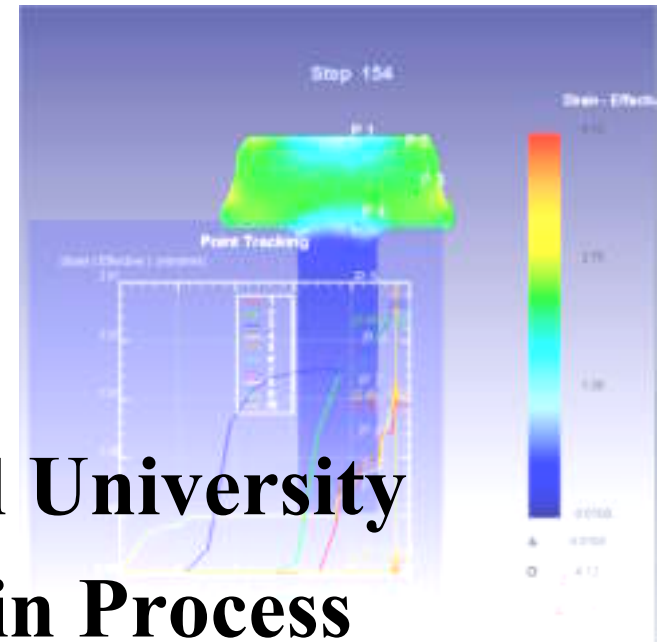

- **Place : Katholieke Universiteit Leuven**
- **Theme : Basic study on Forming Cranial Implants by Incremental Sheet Forming**

- **What I did**

- **Formed cranial implant by incremental sheet forming and increased the geometrical accuracy by modifying its tool path**

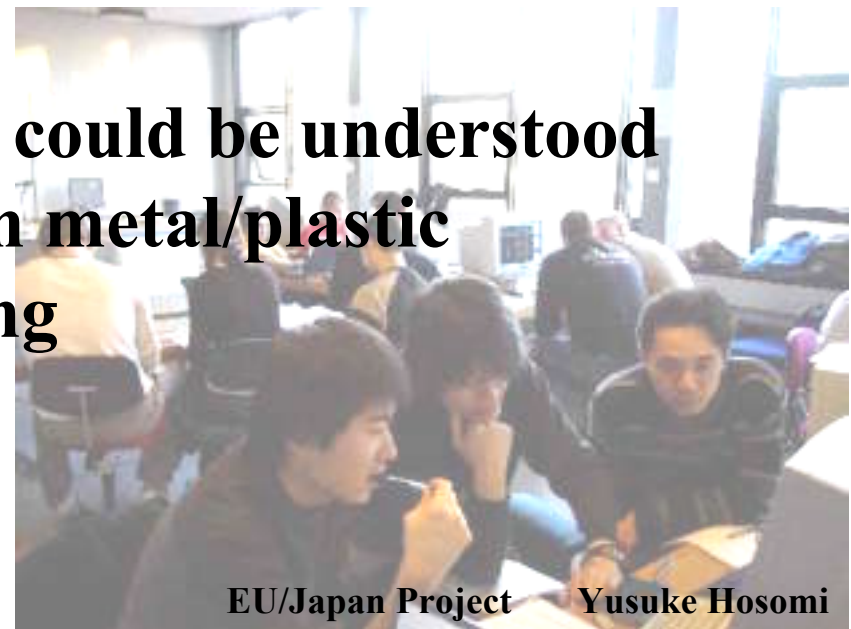

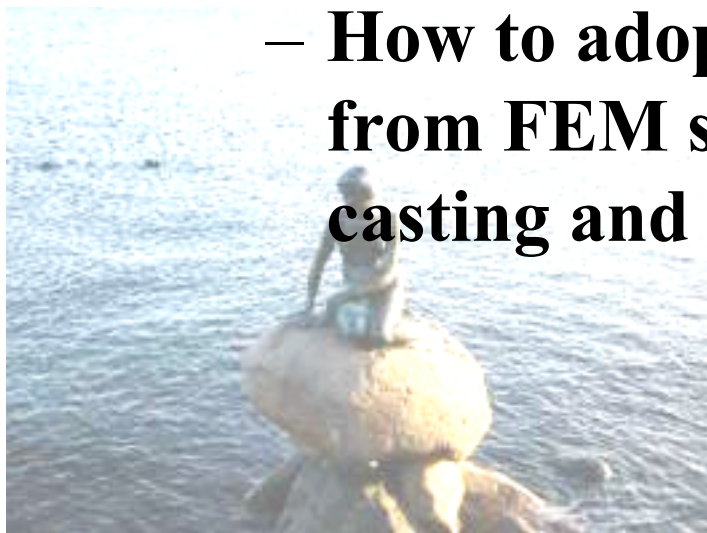

Lecture

- **Place** Denmark Technical University
- **course** Laboratory course in Process Simulation
- **What I studied**

– How to adopt and what could be understood from FEM simulation in metal/plastic casting and metal forging

Student life

- Making friends
- Travel
- Bar/Pub
- Culture
- Food
- EU
