

Summary

Main purpose

- Improve English skill
- Do research
- Understand different culture

What I experienced

- Language barrier
- Culture shock
- Many races

What I obtained

- Ability to adapt to new surroundings
- Ability to take action
- Open mind

Research

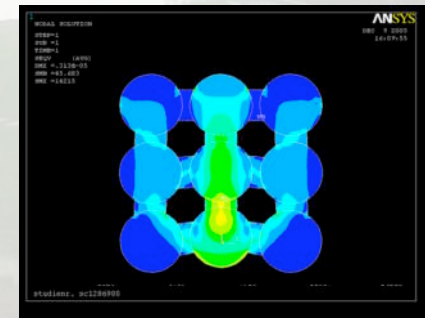

Delft University of Technology

Theme : Modeling of the point crush dressing process

Read some paper or references

Modeling of grinding wheel

Simulation

Lecture

Technical University of Denmark

Course Title : Combustion Engines and Air Pollution

Task : Write a report concerned with combustion engine in group

Experiments

Collect the emissions from car

Identify harmful substances

Condense harmful substances
